Business Analysts

Switzerland - Zürich

Business management, administration and support

Corporate Center

Job Reference

174815BR

City

Zürich

Job Type

Temporary / Contract

Your role

Do you have an analytic mind? Do you like to get to the bottom of things? For our upcoming Contracting roles, we're building up our talent pool and are looking for Business Analysts to help us:

- analyze and evaluate processes, products and services
- document processes and gather technical and/or business requirements
- liaise with different partners across our organization in project work

You'd be engaged as a Contractor, employed by our external Payroll Partner for the duration of the contract.

Your team

We are offering contracting positions in different teams located in Zurich, Switzerland. Two main focuses lie on IT / Software Development, Credit/Market Risk or Liquidity & Funding

Your expertise

You have:

- 5+ years of experience as business analyst
- excellent methodology in gathering technical or business requirements
- strong analytical, problem-solving and synthesizing skills (you know how to figure things out)
- IT/Software Development: experience in such projects, ideally worked with SDLC and/or agile projects
- Credit/Market Risk: profound experience in credit-, market-, & operational risk area; ideally previous project work in the regulatory space
- Design and roll-out of Liquidity Management Tools addressing internal and regulatory requirements in the area of Treasury Liquidity Management.

Your are:

- an excellent communicator, with strong interpersonal skills

- a flexible, resilient team player with a positive attitude
- fluent in English, any other European language is a plus

Your colleagues
